

**Meeting
58th NKForum Minutes
Wednesday 12th May 2021
4:00pm - Zoom**

Item	Description	Action	Whom
1	Apologies – non received		
2	Matters arising – none. Previous minutes were signed		
3	Update on Survey – and discussion on where further push should be directed including drop-in sessions. Di shared her screen to demonstrate the survey results. At the weekend there were 120 respondents with more coming every week. Some 35% have not left any contact details. Di ran through the responses. She explained that it appears that there is a huge amount of misunderstanding. Many don't want any development which is understandable. The vast majority of responses were, however, very supportive. A lot of focus on the Kingsgate development. We may need to further explain our policies to minimise misunderstanding.		
4	Glens' great narrated presentation: https://www.youtube.com/watch?v=N2X7-o-UrHg - requests to post far and wide. Di explained that the Kingston Society had asked for some input and we should include a link to the video. John explained that CARA was also circulating details to their membership. Asa offered to send TARAK the details.		
5	Date for next meeting with consultant will be late June after the consultation period expires to share and discuss feedback. We will try to obtain a meeting time early evening to		

Address: North Kingston Forum, c/o 99 Richmond Park Road, Kingston upon Thames, KT2 6AF.

	allow councillors who work full time to attend.		
6	Further discussion on 84 LHR and the potential for local listing - consideration of the request from Kingston Town CAAC as new local information has come to light - the owners passed away within days of each very recently. They also owned the adjacent property, Vista House at 86-88 LHR, so likely more contentious PAs will be coming our way in due course. Discussion ensued and David explained he was wary of designating other areas. He went on to explain that residents expectations are rarely met. We need more discussion.		
7	AOB: <ul style="list-style-type: none"> • Di will contact Barry Lomax to determine when Canbury Car park will come up. • Malcolm raised the issue of the builders yard at 2a Lowther Road. The business runs at night and the noise at night is an issue. He has contacted Environmental Health. It is subject to a planning application. It was suggested that the planning department should be asked to undertake a noise assessment at night. 		
8	Next meeting: 9 th June 2021 on Zoom
